

Nu tändas tusen juleljus

Nu tändas

1000

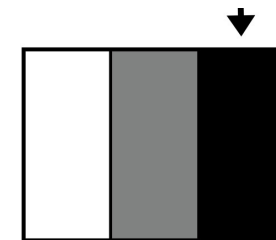

tusen

juleljus

på jordens

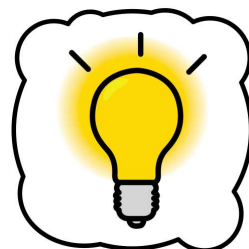

mörka rund,

1000

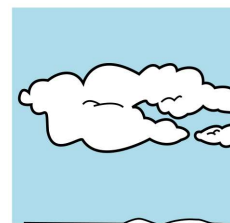

och tusen,

1000

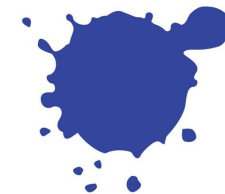

tusen

stråla ock

på himlens

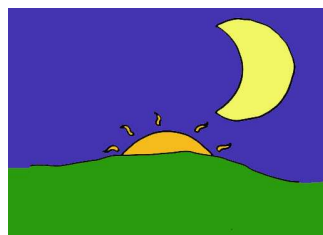

djupblå grund.

Och över stad

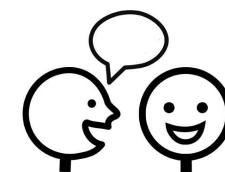

och land

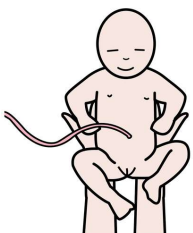

i kväll

går julens

glada bud,

att född är

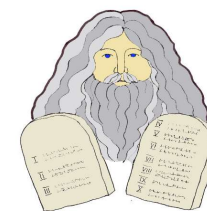

Herren Jesus Krist,

vår

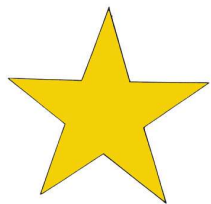

Frälsare och

Gud.

Du

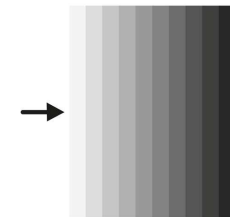

stjärna

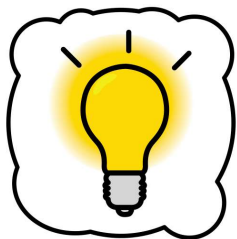

över Betlehem,

o, låt ditt

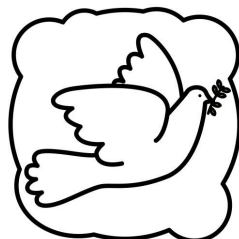

milda ljus

få lysa in

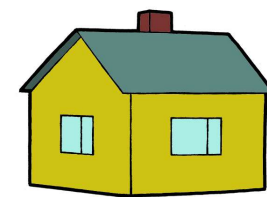

med hopp

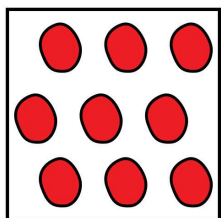

och frid

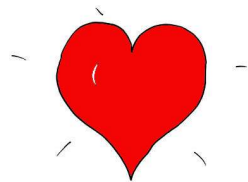

i varje hem

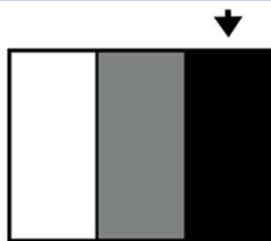

och hus!

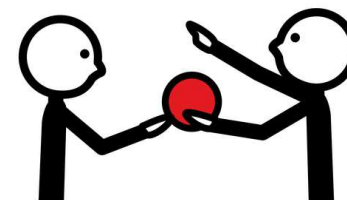

I varje

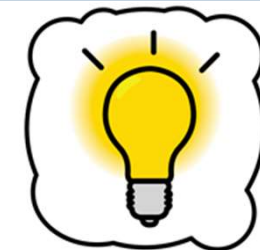

hjärta

arnt och mörkt

sänd du

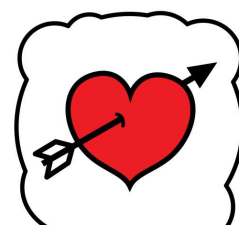

en stråle blid,

en stråle

av Guds

kärleks ljus

i signad

juletid!
